

Are you planning a shut down for your facility to do your maintenance and repair program? Goulds Pumps is offering a free DCI for a selection of Goulds Pumps units if you send in and repair your pumps and rotating equipment to one of our PRO Services facilities in Cullman, AL; Chicago, IL, Edmonton, Alberta and Port Colborne, Ontario. Our experienced technicians will disassemble, clean and inspect your Goulds Pumps unit and we will provide you with a report on the health of your pump.

This offer ends on **September 30, 2018**.
 For more information, contact your local sales engineer.
