

PULSAFEEDER®

An IDEX Water & Wastewater Business **IDEX**

PERIFLO PERISTALTIC PUMPS

ChemTUFF Series

Chemical Metering and Control

PERIFLO

PUMPS in ACTION

FEATURES

Corrosion Resistant
 Low Operating Speeds
 Long Tube Life
 Will Not Vapor-Lock
 Self Priming to 30 ft.

Operating Pressures to 115 PSI
 Metering Accuracy +/- 1%
 Safety Sealed Pump Head
 Pressure Rated Connections
 Early Leak Detection
 Wide Flow Control Range
 UL Listed NEMA 4X Controls

	CT-10	CT-13	CT-16	CT-19	CT-22
CAPACITY	.006 gal/rev	.010 gal/rev	.025 gal/rev	.032 gal/rev	.066 gal/rev
MAX FLOW RATE	22 GPH	36 GPH	90 GPH	115 GPH	238 GPH
CONNECTIONS	3/8"	3/8"	3/4"	1"	1"
COMPRESSOR SYSTEM	ROLLERS				
REINFORCED HOSES to 115 PSI	NATURAL RUBBER BUNA N EPDM HYPALON			NOT AVAILABLE	NATURAL RUBBER BUNA N EPDM HYPALON
THERMOPLASTIC TUBES to 30 PSI	NORPRENE	NORPRENE	NORPRENE TYGON	NORPRENE TYGON	NORPRENE TYGON

NORPRENE meets FDA, 3-A & NSF Criteria

ChemTUFF Series

CT Series - Performance Curves

Corrosion Resistant Construction

- Body:** HALAR Coated Aluminum for Superior Strength and Maximum Chemical Resistance.
- Rotor:** High Performance Engineered Plastic for Rugged Reliability and Chemical Resistance.
- Roller Shafts:** 316SS for Maximum Chemical Resistance and Long Life.
- Roller/Bearing:** One-Piece High Performance Engineered Plastic for Simplicity, High Performance and Chemical Resistance.
- Connections:** Rigid 316SS, PVC, Polypro or PVDF for Superior Piping Integrity and Maximum Chemical Resistance.
- Gearbox:** Sealed Gearbox and Sealed Shaft for Maximum Protection.
- Motors:** Chem-Duty, Wash Down Duty, Inverter-Duty, 1000:1 Turndown Motors with SS Shafts, Moisture Resistant Windings and Epoxy Coating.
- Containment:** Gasketed Body for Primary Leak Containment and Safety.
- Leak Detection:** Tube Leak Detection with Leak Containment.
- Base:** Corrosion Resistant HDPE

**UL Listed Custom Control Panels
Complete Skidded Systems**
